

Warwick Township Parks and Recreation ADA Trail Accessibility Policy

- A. Warwick Township Park trails are available to individuals with a mobility disability as follows:

Wheelchairs

Wheelchairs, as defined by 28 CFR § 35.104, are permitted on all Warwick Township Park trails approved for pedestrian access. User discretion is advised as portions of some trails may not be easily accessible by wheelchair.

Other power-driven mobility devices (OPDMDs)

OPDMDs, as defined by § 35.104, are permitted on multi-use Warwick Township Park rail trails as follows:

1. The OPDMD must be electric-powered. Internal combustion engines are not permitted.
2. The OPDMD must have an electrical output of no more than 300 watts.
3. The OPDMD must be no more than 36" in width.

Please note that electric bikes ("ebikes") meeting the above criteria, and which will allow the user to pedal or alternatively run on battery power, are permitted on all Warwick Township Park trails approved for bicycle use. User discretion is advised as some approved bicycle trails may not be suitable for all types of ebikes.

- B. Users of a OPDMD or wheelchair must operate the device at a safe speed considering the condition of the trail and the other users traveling on the trail.
- C. The adoption of this Policy does not represent an endorsement that the Park trails or other Park properties are safe for the use of an OPDMD or wheelchair. Users must exercise reasonable caution and care while operating such devices within the Warwick Township Park System.

If you have any questions regarding this policy or the accessibility of Warwick Township Park trails, please contact the Warwick Township Office at (717) 626-8900.
