

**Warwick Township
TREE DEDICATION INFORMATION**

Individuals interested in dedicating a tree within the Warwick Township Linear Park, Lions Park, or at the Municipal Campus, should complete the form below and return it to the Warwick Township Office, 315 Clay Road, P.O. Box 308, Lititz, PA 17543.

The cost to dedicate a new tree is the actual cost incurred by the Township to purchase a tree. The Public Works Superintendent will confirm this cost for you. The cost to dedicate an existing tree is \$100.00 (which reimburses the cost of the tree).

In order to provide continuity in the park system, the Township will provide the tree and the labor to plant the tree. In most instances, the type of tree will be a Red Maple, Red Oak or Pin Oak. In addition, the Township will select a suitable location for the tree (usually along a walking trail). If you wish, you may request a specific location for your tree to be planted; however, the Public Works Superintendent will need to confirm the location. The Township will advise you of the exact location of the tree when it is planted

If you will be ordering a dedication plaque for the tree, please request mounting hardware so it can be set in concrete. Please bring the plaque to the Warwick Township Office and the Public Work's Department will install the plaque.

Please Note: The Township is unable to specify dates when trees and plaques will be installed since these are done as time and weather permit.

NAME _____

ADDRESS: _____

CITY: _____ **STATE:** _____ **ZIP:** _____

DAYTIME TELEPHONE #: _____

I wish to:

_____ Dedicate an existing tree (please enclose a check for \$100.00)
