

**HOMETOWN HERO
PROFILE #3**

Matthew Purnell, Hometown Hero

**"...the brotherhood
of the fire service."**

Meet your neighbor,
Matt Purnell.

He's the new guy at the
Rothsville Volunteer Fire

Company. And like every other newbie, Matt Purnell was a little nervous when he first joined up in May 2010.

He wondered if the Rothsville veterans would accept him, and if he really had what it takes to run into a burning building. What he knew he had, though, was a passion for helping others.

Today, this Warwick High School grad and Penn State senior is certified as an interior firefighter and vehicle rescue

technician. "He's a great addition to our crew, and we're really fortunate to have Matt on board," is the way Rothsville fire chief Sam Young describes this Hometown Hero.

The feeling's mutual. Says Matt, "I really enjoy the brotherhood of the fire service. I'd recommend it as a terrific way to meet friends and help out in the community."

Your hometown fire and ambulance companies need you. And the need is now.

Learn more. There's no obligation.

**Everyone needs more heroes these days. You could be one.
