

**Wellhead Protection Committee Meeting  
Minutes**

Monday, December 22, 2014

The meeting was called to order by Dan Zimmerman of Warwick Township at 1:30 PM.

**Present were:** For Warwick Township Municipal Authority (“WTMA”) Dan Zimmerman, Wendy Johnson and Carl Haws; For Lititz Borough: Sue Barry, Randy Weit and Todd Kauffman; For TeamAg: Chris Sigmund.

**Rothsville Well #2** D. Zimmerman discussed that WTMA will be constructing a second well for the Rothsville Water System. WTMA will be adding this well to their Wellhead Protection Program. Discussion also ensued on adding the existing Bonfield well to the program. Lititz Borough would be responsible for completing the application for this well.

**Advisory Signs** Discussion covered doing an inventory of the existing signs that indicate the extent of the wellhead protection zones. Any sign in need of replacement will be replaced.

**Aq-Management Program** – C. Sigmund review the program on the Balmer and Hess farms. The program has been very successful and is appreciated by the farmers. Both municipalities have seen the nitrate levels in their raw water samples decline. The program continues to provide best management procedures by farming within the wellhead protection zone. The program still provides a comprehensive management plan.

As there was no further business to discuss, the meeting adjourned at 2:17 PM.
