

IMPLEMENTATION SCHEDULE

The implementation schedule develops the agenda of activities for the next decade. The schedule is presented on the following page and lists the initiative, strategies and time frame to begin implementation. The bold arrows represent the strategy initiation activity and completion timeframe. The smaller arrows represent the activities' continuation. The on-going monitoring of these activities will bring changes and additions over time. The refinement of the activities and programs is expected as implementation proceeds and changes occur.

Several key players are instrumental in these implementation activities as previously shown in the action plans. These key players include existing organizations and three new committees:

- **Existing agencies and organizations:** municipal governing bodies, municipal managers, municipal planning commission, Lititz Community Center, Lititz Historic District Advisory Committee, Lititz Borough Park Committee, and Lititz Public Library.
- **New committees:** Regional Coordinating Committee, Regional Economic Development Committee, and Regional Transportation Development Committee.

The roles and responsibilities for these agencies, organizations and committees are delineated in the policy and action plan. Specific agendas and timeframes are shown on the following chart: Pathways to Achievement.

A special note is needed regarding the role and responsibilities of the Regional Coordinating Committee. Clearly, it is more important that one organization be charged with the responsibility of monitoring the implementation of the plan. This responsibility has been assigned to a new committee in the region, the Regional Coordinating Committee (RCC). It is the expectation that the RCC will be meeting on a quarterly basis to collect input from the prime implementers on the progress of activities and on the need to make changes and adjustments to existing strategies and actions. It is expected the strategies and action plans will be utilized routinely by the RCC as a reference and recording source.

The Plan recommends the RCC be comprised of fifteen to twenty representatives of each of the key implementers and a cross-section of citizens representing various interests, including but not limited to Warwick School District, community service providers, the agriculture community, business-retailers, and tourism.

PATHWAYS TO ACHIEVEMENT

KEY IMPLEMENTERS / STRATEGIC FOCUS

REGIONAL COORDINATING COMMITTEE

- Strategic Agenda Monitoring
- Annual Progress Report / 3-Year Strategic Update

GOVERNING BODIES

Year 1:

- Regional Transportation Advisory Committee (Infrastructure Development)
- Urban Growth Boundary Reduction (Physical Development)
- Future Land Use (Physical Development)
- Appoint Economic Development Committee (Economic Development)

Year 1 & 2:

- Official Roadway / Transportation Map (Infrastructure Development)
- Comprehensive Regional Fire & Ambulance Study (Community Services Development)
- Comprehensive Regional Recreation, Park & Open Space Plan / Primary & Secondary Conservation Corridor Delineation (Community Services Development – shared with Lititz Community Center)

Years 1 – 3:

- Joint Policing Approach (Community Services Development)

Year 2 & 3:

- Design Guidelines (Physical Development)

Year 3:

- Regional Geographic Information Services (Community Services Development)

Year 4:

- Stormwater Management Regulations (Lititz Borough / Physical Development)

REGIONAL TRANSPORTATION ADVISORY COMMITTEE

Years 1 & 2:

- Traffic Management & Monitoring Program (Infrastructure Development)

Years 2 & 3:

- Pedestrian Safety Program (Subcommittee Potential / Infrastructure Development)

Year 3:

- Downtown Parking Study (Infrastructure Development)

Year 4:

- Feasibility Study for Increased Rail Use (Infrastructure Development)

Years 4 & 5:

- Shuttle Bus System (Subcommittee Potential / Infrastructure Development)

REGIONAL ECONOMIC DEVELOPMENT COMMITTEE

Years 1:

- Traditional Commerce Pattern Maintenance (Economic Development)

Year 1 & 2:

- Regional Historic Preservation Task Force (Economic Development)

Year 2:

- Business Friendly Promotion (Economic Development)

Year 3:

- Tourism Consortium (Economic Development)

Year 4:

- Main Street Methodology (Economic Development)

MUNICIPAL MANAGERS

Routine Operations

- Regional Public Utility Cooperative Approach (Infrastructure Development)
- Information Exchanges (Community Services Development)
- Agriculture Preservation (Physical Development)
- Logistic support for other key implementers

Year 1:

- Regional Newsletter (Shared with School Administrator / Community Services Development)

Year 3:

- Education / Government Partnership Program

LITITZ COMMUNITY CENTER

Years 1 & 2:

- Regional Comprehensive Recreation, Park & Open Space Plan (Shared with Governing Bodies / Community Services Development)

Year 3:

- Regional Community Events & Services Directory (Community Services Development)

LITITZ BOROUGH HISTORIC DISTRICT ADVISORY COMMITTEE

Year 3:

- Historic Overlay District in the Central Business District (Economic Development)

LITITZ BOROUGH PARK COMMITTEE

Year 4:

- Lititz Springs Park Capacity Exploration (Economic Development)

MUNICIPAL PLANNING COMMISSIONS

Year 3:

- Riparian Corridor / Forested Buffer Preservation Program (Physical Development)

Year 3 & 4:

- Conservation Subdivision & Land Development Process (Physical Development)

Year 5:

- Joint Land Use Planning & Zoning (Physical Development)

LITITZ PUBLIC LIBRARY

Year 2:

- Library Service Funding (Community Services Development)

Years 3 & 4

- Regional Volunteer Task Force (Community Services Development)
